Conclusion of the Convention and Conference.

The Last Day Devoted to Papers on Topics of Interest to the Reform—A Total Abstinence High School Advocated by One of the Women Speakers—The Female Suffrage Question Also Treated Favorably.

The second day's session of the Temperance Conference began at 9:30 yesterday morning at Bethesda Church, with Church Hall crowded with delegates and visitors. The devotional exercises were conducted by Rev. A. A. Lockwood, of Chicago, who selected for those present the 40th Psalm, and Professor Fay, of Evanston, led in prayer. The Chairman announced that the first topic in the day's programme was "Temperance Work in Connection with the Public Schools," and introduced Mrs. A. L. Chatfield, of Evanston, who read a paper on the subject. She said that the principles of the temperance reform should be inculcated in the schools, and that the children should be taught the evils of intemperance. The Chief Executive of the United States was a temperance man, and the children should be taught that the principles of the temperance reform were the principles of the nation. The speaker said that the children of the land were being taught the evils of alcohol, and that the temperance reform was being advanced by the work of the public schools. The speaker said that the children of the land were taught the evils of alcohol through political parties
